App Icon

Use icon-1024.svg for App Store / Play Store submissions. Scale down to 64px for notifications and tab bars.

Full Logo

Use logo-full.svg on splash screens, onboarding, and marketing materials. Minimum width: 200px.

Dark Backgrounds

All versions are optimized for dark (#0A0A0A) backgrounds. Gold glow effects are most visible here.

Light Backgrounds

Place the icon inside its dark rounded-square container when using on light backgrounds. Never place bare on white.
